HINDENBERG LINE SMASHED; BRITISH WIN GREAT VICTORY.

The great Hindenberg defense line, upon which the German commander-in-chief had built his hopes of holding the British from inroads into the open territory beyond, has been smashed. And the task apparently was an easy one.

Attacking over a front of 32 miles, extending from the Scarpe River east of Arras to St. Quentin, Field Marshal Haig, with his English, Scotch-Irish and Welsh troops, has made one of the most rapid and spectacular drives in the onslaught, capturing numerous positions, which were regarded as impregnable, and taking in addition thousands of prisoners and numerous guns.

The apex of the offensive apparently is centered on the important railroad junction of Cambrai, lying to the east of the old line midway between Arras and St. Quentin. Here, having taken the towns of Maroing, Anneux, Graincourt and Novelles, the victorious troops at last accounts were well within gun range of Cambrai, with its railroad line and roadway branching out toward all the main points of the compass.

The British drive was begun without the usual artillery prelude, and as the tank and infantrymen made their way through wire entanglements and pressed the German first positions, the surprised enemy began sending up myriads of signal rockets calling for assistance. Whether aid was rushed up is not definitely known, but seemingly the surprised Germans fled in disorder, leaving all kinds of equipment behind, and in most cases did not even take time, as usual, to apply the torch to villages they evacuated.

An indication that the German forfeited line has been passed by the British at some points is the entry of the cavalry into the fray. Not since the famous retreat of the Germans along the Ancre and the Somme in the spring of the present year have the horsemen been engaged. At that time they performed valiant service in harassing the retreating columns and in rounding up prisoners.

CONCERT BY ORPHANS FROM I. O. O. F. HOME.

The music loving people of Paris will be given a genuine treat on Wednesday night, November 23, when the Boys' Band and the Girls' Orchestra from the Odd Fellows' Home, at Lexington, will give a concert at the court house, at eight o'clock.

The Boys' Band of twenty-five pieces, under the direction of Prof. Ellis O. Kidd, has played in Paris on numerous occasions, and is well and favorably known as a musical organization of great merit. This band will play a program of popular and classic music, and from past performances, their program will be a most excellent one.

The Girls' Orchestra comprises fourteen members, each one an artist in her line, will present a mixed program of vocal and instrumental selections and recitations. The whole program will furnish about two hours of excellent entertainment, the program being one that both old and young can enjoy. An admission fee of twenty-five cents will be charged, the proceeds to be devoted to the interest of the I. O. O. F. Home at Lexington.

OFFICERS TO AID U. S. IN MAKING AIRCRAFT.

The London (Eng.) Globe prints an interview with Lord Northcliffe, in which he says he will return to the United States as head of the British mission, after the allied conferences and a trip to the various fronts. If the British government desired, he would devote much of his time to the question of aircraft production in the United States, he said, adding:

"My great fear is that the American output will exceed the possibilities of training officers and mechanics. Americans are willing to make any type of engine we ask, in addition to their own Liberty engines."

BACK FROM REELFOOT

Col. Harvey Chenault has returned from a delightful hunting trip last week at Reelfoot Lake with State Fish and Game Commissioner J. Quincy Ward, and his brother, J. Miller Ward, the well known horseman of Paris. Reelfoot Lake is way down in the southwestern part of Kentucky and is famed for its duck hunting as well as fishing. Hunting parties are all the rage around there just now. Quite a number of local sportsmen are going up into the mountain counties on the lookout for the elusive quail.—Richmond Climax.

SURGICAL CLASS REALIZES \$105 FROM SALE.

The sale of edibles, etc., held in the Stern store room, adjoining the Stout Cafe, on last Saturday, realized the neat sum of \$105, which will be used for the benefit of the surgical dressing department of the Bourbon County Red Cross Chapter.

TOBACCO MARKET SOON TO OPEN HERE.

The managers of the two local loose leaf tobacco warehouses, the Bourbon Tobacco Warehouse, and the New Independent, have announced and are still announcing through big display advertisements in THE NEWS that they will be ready for business on Tuesday, December 4.

The order of sale has not yet been decided upon, but this will be announced later. Competent men have been secured to handle the tobacco, and we urge the people of Bourbon and adjoining counties to bring their tobacco to this market, as we are confident that as high prices will prevail here as at any market in the United States.

Read the advertisements in this issue of THE NEWS and you will learn what these houses propose to do on the opening day of the sale.

The first sale of the season in Kentucky this year was held at Vine Grove, where 70,000 pounds sold over the floor of the warehouse there at an average of \$30.00. The phenomenal price of \$85.00 was paid for one basket. At the first day's sale at that warehouse last year 35,000 pounds sold for an average of \$13.85.

Managers John T. Collins, of the Bourbon House, and Charles C. Clarke, of the Independent House, state that there have been several crops of tobacco sold lately, but that most of the farmers are awaiting the opening of the market, as it looks as if the price will be higher instead of lower.

Several Bourbon county growers who were interviewed by THE NEWS, were of the opinion that the prices realized for tobacco this season, and especially for the higher grades, will be much higher, and that they expect to hold their crops until the opening of the Paris market.

Among the recent purchases of the weed made by Bourbon county men was that of 11,000 pounds, bought by Mr. Frank P. White, of Paris, from Mr. Mark Whalen, of Scott county. Mr. White paid twenty-five cents a pound straight for the crop.

BANKS MUST DISCONTINUE PERMITTING OVERCHECKING.

In a recent decision of the Federal Court it was held that National Banks in permitting depositors to overcheck were guilty of a misapplication of the funds of the bank.

The Controller of the Currency acting under the decision has required a promise in writing from the directors of this bank to discontinue in the future the practice of allowing customers to overcheck their accounts.

We have no choice in the matter and must follow implicitly our instructions from the Treasury Department and have this day notified the cashier not to honor in the future the payment of checks drawn by customers who overdraw their accounts.

REAL ESTATE DEALS.

Mr. J. N. Hornback sold to Mr. Reynolds Letton, 115 acres of land located on the Paris and Jacktown pike, adjoining the Letton home place, for \$160 per acre, a total of \$18,400. Mr. Letton will take possession in March.

Wm. H. Whaley purchased of James H. Haggard, of Paris, his 170-acre farm located on the Paris and Clintonville pike, near Clintonville, for about \$115 per acre, possession to be given in March. Mr. Haggard bought the farm from Mr. Whaley three years ago, and has greatly improved it since.

B. T. Mattox purchased of J. W. Larkin, a tract of land located near Old Union, containing eighty acres, at a private price. Mr. Mattox recently sold his farm on the Jacktown pike, near Paris, to Jas. Caldwell.

Thomas Dillon purchased of Elmer Boardman and Chas. Walls one hundred acres of the Horton farm, near Little Rock, for \$80 per acre, the purchaser to take possession in March. Mr. Walls purchased nine acres of the Horton farm, adjoining his place for \$2,500.

TWO INJURED IN ACCIDENT

Mr. and Mrs. Tilden Shroul had a narrow escape from serious injuries Tuesday when the horse they were driving became frightened at the corner of Main and Tenth streets, and ran away.

At Eleventh street the horse turned west, running the buggy on the sidewalk at the corner, and across the street, striking against the curb. The top of the vehicle was torn completely off. Mr. and Mrs. Shroul were both thrown out, but were not seriously hurt.

The twelve-year-old daughter of Mr. and Mrs. Layson Tarr, of near Millersburg, was taken Tuesday in the Davis ambulance to the Good Samaritan Hospital, in Lexington. While driving to her home in a buggy Miss Tarr was thrown out when the horse took fright and ran away. She sustained a fractured bone of her right leg, and other injuries.

ALEXANDER BANK DEPOSITORS TO AGAIN BENEFIT.

A decision of much importance to the depositors of the defunct Geo. Alexander & Co., State Bank, in this city, was handed down in the Bourbon Circuit Court by Judge Robert L. Stout, Wednesday, by the terms of which they will again participate in benefits.

At the time of the failure of the Alexander Bank, George Alexander owned a seven-twentieth interest in the Power Wholesale Grocery Company, of Paris, which interest he had transferred to the bank of which he was then the head. The Power Grocery Company had indorsed notes to the amount of \$20,000 to George Alexander personally, and after the bank had failed and Alexander had made an assignment to Wm. O. Hinton, the Power Grocery Co. paid the notes, and presented a claim to the effect that the payment of these notes was an advancement of that sum of money to George Alexander, and claimed a lien on Alexander's interest in the grocery company as their means of reimbursement.

Mr. Wm. O. Hinton, the assignee of George Alexander, claimed that the interest of Alexander in the Power Grocery Co. passed to him as assignee for the benefit of Alexander's creditors. The bank directors claimed that the interest in the grocery company belonged to the bank and should pass to the State Banking Commissioner for the benefit of the creditors. The State Banking Commissioner agreed with Mr. Hinton, the assignee.

The decision of the Court was that the interest of George Alexander in the Power Grocery Co. passed to the assignees for the benefit of his creditors, and fixed the value of that interest at about \$26,000. The result of this decision will be that the depositors will receive ninety per cent. of that amount.

NEW MEAT MARKET OPEN FOR BUSINESS.

The new firm, Stone & Tarr, composed of Chas. T. Stone and Bennett Tarr, is conducting a first-class meat market on Main street, near Eighth, adjoining Stuart & O'Brien's. Your patronage is respectfully solicited and the best meats, fresh and cured, the market affords, will always be supplied all customers.

STONE & TARR. Up-to-Date Meat Market.

FISH POND SALE.

A "fish pond sale" for the benefit of the Y. M. C. A. army work will be given at the Escondido school, on Wednesday night, November 23. The public is cordially invited to attend. All who come will be assured of a good time.

KENTUCKY FURNISHES ITS REGULAR QUOTA TO ARMY.

Kentucky's regular army quota, 4,578 men, has just been reached, according to the announcement made by the department. For a time the Adjutant General's office reported that Kentucky was a bit tardy in furnishing the complement of recruits for the regular army that was expected of her. Now, however, the records show that Kentucky has met the prescribed quota with a few regular embryo regulars to spare.

Tennessee, Louisiana, Arkansas, Alabama, Virginia and the Carolinas and Mississippi are the Southern States that are far behind in helping to bring the standing army up to the required strength.

CONGRESS ASKED TO REPEAL INCREASE OF POSTAL RATES.

Congress was asked to repeal the section of the war tax law increasing postal rates on second class mail matter in resolution adopted at a meeting in New York, Tuesday, of the Representatives' Club, an organization of publishers. The rates, which are to go into effect next July, were characterized in the resolution as "destructive of one of the greatest educational and industrial factors in the country."

"With the throttling of the magazines by this law," the resolution continues, "the industrial benefit of the manufacturing interests, through the advertising and selling opportunities, will also be disastrously affected."

DRAFT APPEALS REOPENED MUST BE CLOSED AT ONCE.

Provost Marshal General Crowder has notified Adjutant General Ellis that too much time has been spent in unrestricted reopening of cases of drafted men. This procedure, he says, has caused delay in raising and training armies.

Drafted men sent to camp who believe that the law has been violated in their particular draft cases are given seven days in which to appeal their cases.

Provost Marshal General Crowder in his communication, says further, that all cases heretofore reopened and considered and now pending on rehearing must be closed at once.

BOURBON CIRCUIT COURT

Judge Robert L. Stout and Commonwealth's Attorney Victor A. Bradley hustled matters considerably in the Bourbon Circuit Court this week, with the result that a considerable volume of business was transacted with the assistance of the attorneys and the petit juries engaged in the different cases. The following cases were disposed of at Wednesday's session:

Commonwealth vs. Jack Webster, shooting at another without injury. One year in the penitentiary.

Commonwealth against G. C. Morgan, housebreaking. Three years in the penitentiary.

Commonwealth against Wm. Warren and Charley Cathway, petit larceny. Thirty days in jail.

Commonwealth against Will Mitchell, carrying away the property of another, \$10 fine.

Commonwealth against Bob Allen, obtaining property under false pretenses. One year in the penitentiary.

Commonwealth against Jack Tracy, having spirituous liquors in his possession for sale in local option territory. Ten days in jail and \$50 fine.

Commonwealth against Bud Johnson, carrying concealed deadly weapons. Ten days in jail, \$50 fine and disfranchisement.

Commonwealth against William Fields, having spirituous liquor in local option territory for the purpose of sale. Ten days in jail, \$50 fine.

Commonwealth against Jno. Craycraft, stealing chickens. Not guilty.

Commonwealth against Jas. Vice, forgery. One year in penitentiary.

No more jury cases will be tried at this term until the reconvening of the court on next Monday morning.

George C. Morgan, who was given a sentence of three years in the penitentiary, on a charge of housebreaking, is the man who made his escape from the custody of Jailer Joe Farris at the Paris jail by removing his clothes, soaping his body thoroughly and squeezing through a narrow aperture in the stone wall between the windows in the corridor. Morgan was arrested in Maysville about a week ago, and after being held for the Federal authorities on the charge of being a deserter, was sent to Paris for trial on the charge upon which he was convicted and sentenced.

PROSPEROUS BANK MAKES EXCEPTIONALLY FINE STATEMENT.

Elsewhere in this issue of THE BOURBON NEWS will be found the financial statement of the condition of the Peoples Deposit Bank & Trust Company, at the close of business on Nov. 17, 1917.

This statement reveals this sound old banking institution to be in a most thriving and prosperous condition.

The magnificent showing of \$895,136.92 in deposits is probably unequaled in the banking history of Bourbon county, and demonstrates fully that our people are not only prosperous but they are saving their money.

The total resources of the Peoples Deposit Bank & Trust Company total \$1,157,584.35, despite the many calls from the depositors as a result of their heavy purchases of the two large issues of Liberty Loan Bonds, Y. M. C. A. War Fund subscriptions, etc.

A list of twenty-eight classes of objects which private individuals are compelled to deliver to the German invaders includes everything from fireplace and bathroom fixtures to curtain rings and brass cloakroom checks. Nothing seems to have been too small or insignificant to escape being placed on the list.

The decree states that a search will be made of all dwellings and that all classified objects which have not been delivered to the German authorities will be taken by force.

HOME TELEPHONE MEETING.

The district meeting of the Central Home Telephone & Telegraph Co. managers, chief operators and chief wiremen, held in Cynthiana, last week, was one of the most interesting held in many years. A business meeting was held in the morning, the afternoon being devoted to social session, sight-seeing and a short business conference. The night session was occupied by a program composed of addresses and music. Mr. J. J. Veatch, of Paris, District Manager, presided. Among the addresses was one by Miss Minnie Carr, of the Paris exchange, on the subject, "Why I Think I Was Promoted to the Position of Chief Operator." At the conclusion of the meeting a banquet was served, with R. V. Bishop, of Cynthiana, as toastmaster.

REPORT OF REDMON SALE

Auctioneer M. F. Kenney, who conducted the sale of farming implements, stock, etc., of Mr. Sol Redmon, at the Redmon farm near Paris, yesterday, makes the following report:

Horses sold from \$50 to \$100 each; mules, \$150 to \$180 per head; cows, \$50 to \$121.50 per head; heifer calves, \$37.25 per head; sheep, \$14 per head; chickens, 15 cents per pound on foot; ducks, 75 cents each; geese, 90 cents each; farming implements sold well.

BOURBON COUNTY OVERTOPS WAR Y. M. C. A. FUND.

"Over the top" has become a trite phrase, and a most expressive one to use in connection with any movement these days in which pluck, persistence, patience and dash are necessary to its success.

This has been emphasized in recent campaigns in this city and county in connection with raising of funds for the Liberty Loan, the Red Cross, and other war-time measures, and now comes the army work for the Y. M. C. A., when Bourbon county people, true to their names and the glorious traditions of half-a-century or more behind them, came to the front in the recently-ended campaign. Just as she has done many times before, Bourbon county "went over the top" and instead of raising merely the allotted sum, \$7,500, the final count showed a total of \$9,870,000, just \$2,329.50 more than was asked for.

Bourbon was one of the seven counties comprising the Sixteenth Y. M. C. A. District, the others being Rowan, Montgomery, Bath, Powell, Wolfe and Menifee. The sum of \$12,500 was asked for from the entire district, and the response was a total of \$15,455.25, being an oversubscription of \$2,955.25. That's the way we and our "mountain neighbors" come "over the top" with the funds!

The teams at work in the various city and county precincts made the following totals in subscriptions:

Paris	\$3,739.25
North Middletown	1,864.50
Little Rock	1,327.75
Hutchinson	866.50
Clintonville	333.50
Ruddles Mills	329.50
Centerville	267.00

Total \$9,870.00

The campaign began on Monday, November 12, and continued uninterrupted until the close Monday night, November 19, daily reports being made at the local Y. M. C. A., and to the headquarters at Louisville. The committee in charge of the work in this county extends warmest thanks to all who contributed even in the slightest degree, by their money or their work, to the success of the movement.

The National War Work Council of the Y. M. C. A. has announced that the grand total of the nationwide war fund campaign is \$49,209,411.

This exceeds by nearly \$15,000,000 the \$35,000,000 goal set at the beginning of the campaign Nov. 12.

President Wilson, on being informed that the fund was greatly oversubscribed, telegraphed congratulations to Dr. John R. Mott, general secretary of the council.

"My heartfelt congratulations on the remarkable and gratifying result," the President's telegram read. "I think it is a national blessing."

GERMANY GRABBING EVERY KIND OF METAL.

Nearly every conceivable brass, copper and bronze object which enters into the construction or furnishing of a house and building has been requisitioned by the German authorities in occupied Belgium. A copy of a decree published at Brussels, which has just reached the Belgian authorities, announces the proposed seizure and compulsory delivery of all such objects.

A list of twenty-eight classes of objects which private individuals are compelled to deliver to the German invaders includes everything from fireplace and bathroom fixtures to curtain rings and brass cloakroom checks. Nothing seems to have been too small or insignificant to escape being placed on the list.

The decree states that a search will be made of all dwellings and that all classified objects which have not been delivered to the German authorities will be taken by force.

A Home For Every Child.

There are two theories of how best to care for dependent and neglected children. The older plan was to gather them in large institutions. The other idea is to place them in individual homes.

A social worker who recently moved from New York, which has highly developed the system of committing such children to large institutions, moved to another State, where the individual home method is used. He said he had always regarded the individual home plan as ideal. Yet when he saw how poorly some of these little waifs fared, he concluded that the orphans in the big New York institutions under competent matrons were better off.

The subject is suggested by an effort to establish the individual home method for such children in New Jersey. Other States are trying it out. It is ideally the correct theory, yet has some abuses in practice.

The number of homeless children is large. Many are made orphans by death, but still more are practically so through drunkenness and immorality of parents. The great majority of people hesitate to take a child from a low down home. Thereby their over-prudence is apt to deny them future happiness. Most of these children under good care develop well, and are a comfort to their foster parents.

Some people take children not because of a longing for child life in the home, but for the work they can squeeze out of them. They drive them along like little pack horses, regardless whether they are getting any good training for life.

A boy from the slums may be getting plenty to eat in the country home where he is placed, yet may be truly neglected. He may run wild and make trouble in a whole neighborhood or school. Children placed in individual homes need careful inspection by common sense people, to make sure they are getting some loving and motherly care.

The Problem of Poverty.

"The poor ye have always with you." There were many people who entertained hopes that the Commission on Industrial Relations, after its long hearing of evidence, would be able to make some weighty proposals for the betterment of economic conditions. But it was improbable at the start that a problem which the world has vainly confronted for thousands of years, could be solved by any one little group of men.

It would amount to nothing to double wages for many people. They would simply retain their free spending habits and have nothing left. An industrious man of fair abilities, if he has the pioneer spirit and the willingness to be content with simple pleasures, can usually lay up a little money. With a home of his own, a well tilled garden and a chicken house, the problem of poverty will disappear for him.

The considerable number of mentally defective people, however, is not touched by any inculcation of thrift. The union of persons unfit to have offspring will always be turning out an element of low men-

talities. They must usually subsist on seasonal jobs, with long periods of idleness. In an ideal community there would be special schools for these people. By special training these persons can often be made efficient hand workers.

Industrial accidents are one great cause of poverty. These are prevented, not merely by safeguarding machinery, but by a "safety first" propaganda among work people. Every child should be taught the dangers of daily life. Every workman should be made to realize the life-long suffering and failure that may result from one moment's careless handling of a machine.

Poverty costs high. It is not merely the cost of pauper department. It is the low productive capacity of the successful. The State can afford to pay good money for any educational process that takes a slow witted person and turns him into a good worker.

What Men Like.

Men like pretty home-makers, no mistake there. You can appreciate beauty as well as the next one, but they want that beauty to be of an order that appeals to their comfort. Of what good are cushions so elaborately embroidered that no head can rest on them? What sense is there in easy chairs of such rich material that they are quite the reverse of the name given them? Is there any satisfaction in a room the furnishings of which cost hundreds of dollars, when it is only open at rare intervals, when the owner, perhaps, sits by the kitchen fire or in some dingy sitting-room, where he can put his feet on the fender, if he wants to, can smoke, and as a great indulgence, tilt back his chair?

Edison, the Silent.

For many weary months now the world has been asking itself the question, "What is Edison doing?" and as yet there has been no definite answer. We are assured in vague terms that he is perfecting some device or devices that will have powerful influence in terminating the conflict, but the months drag on and we are as much in the dark as ever. We are mysteriously informed that he has discovered or isolated or located or invented some kind of "ray" that will burn up a battleship or a town at a distance of many miles, but that "ray" has not yet illuminated our darkness. It may be that one or more of his discoveries are already in use. If so, why not let the public know? Surely the bare knowledge that our faith in him is not misplaced, could work no harm. Seriously, the American people need all the encouragement they can get in the days that are before them, and if Mr. Edison's genius is still working full time it would help us to know it.

AFTER BIG OLLIE'S SCALP.

Interesting political developments growing out of the fight of the wets and dries in Kentucky may be looked for next year when the election of a United States Senator comes up, according to a well founded report from Louisville.

This report is to the effect that United States Senator Ollie James, who will seek re-election, is to have opposition from the dry wing of the Democratic party. The man said to be selected as the champion of the dry Democrats to oppose the Senator for the nomination, is Judge Isaac Thurman, of Springfield, whose temperance proclivities are well known in his section and who is to measure up to the standard of Senatorial timber in ability. Coming from a county adjoining Nelson, the former home of Senator Beckham, it is understood that Judge Thurman will have the cordial support of the organization, with which he has been heretofore politically allied, and which is pledged to a dry program in State and Nation.

PATRIOTISM AMONG KEYSTONE GIRLS.

The famous bathing beauty squad out at the Triangle-Keystone studio headed by Aileen Allen, who holds the world's fancy diving championship, organized the "Triangle-Keystone Liberty Bond Girls" composed of herself and three other members of the bathing squad, Myrtle Reeves, Clara Roberts and Dada Holland. After selling one or more bonds to nearly every one in the studio, the girls operated in the lobbies of several Los Angeles theatres where Triangle pictures were shown and disposed of a large number. Miss Allen sold nineteen in one day. If it were possible for the Triangle-Keystone girls to extend their efforts to other cities they would certainly have made a clean up, for a man who would refuse a Triangle-Keystone beauty is either a financial wreck or a poor patriot.

AN OLD MAN'S STOMACH.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain poison, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. (nov-addv)

MONUMENT TO MEMORY OF KENTUCKY POET.

A granite monument of modest dimensions and designs has lately been erected in the Winchester cemetery to the memory of one of Kentucky's gifted sons. An appropriate inscription on the marker reads: "The Plain People's Poet, W. J. Lampton, 1851-1917." W. J. Lampton, a native Kentuckian, who spent his last years in New York, was a writer of wide reputation and well known in literary circles as well as by the great common people of whom he was never ashamed to acknowledge that he was one of them. He was a great friend and defender of the mountain people. He lent aid and influence toward the putting Booneway and other highways in the Cumberlands. Citizens from that portion of Kentucky will make Lampton's last resting place a Mecca when visiting Winchester, the "Gateway City" of the Eastern Cumberlands.

KENTUCKY STATE ENDEAVOR SONG.

Tune: "Old Kentucky Home." (By Mrs. Bessie DeMoss Ellis.) The valiant hosts of our great Endeavor band

With banners triumphant unfurled,
Are gathering now at our mighty King's command
To bear his standard 'round the world.

With faith in God as our ever shining shield,
With firmness, with patience and love,
We'll stand for Christ till the world to Him shall yield
And the flag of union floats above.

Chorus:

Shout a loud, hosanna!
Oh! praise our God to-day
For Christ and the Church and our blest Endeavor bands
In the old Kentucky home far away.

Begin with truth we shall never weary grow,
Tho' sorrow and sadness assail.
For Hope shall whisper of Heaven as we go
And cheer when fainting hearts shall fail.
The night will come with holy hours of rest,
When life and its trials are o'er;
The soul will sleep on the Savior's loving breast
And bear the weary load no more.

Chorus:

When home ties call and the time has come to part,
When lips breathe the tender good-bye;
When memories deep fill the cavern of the heart,
And tears unbidden dim the eye,
We shall sing of another happy time
When, mingled in union once more,
We'll chant the strain of that melody sublime
That the angels sing forevermore.

Virgin Land For Sale!

150 acres of Laurel County virgin land that would make an ideal chicken ranch. About 75 acres is high, flat land, and balance on a branch between two high bluffs. This branch land has enough tie and small timber on it to pay for it. Would be an ideal place for an orchard, being protected from frost to a great extent by these bluffs. All kinds of fruits would do well. Some of this land would produce fair corn and tobacco, and all kinds of vegetables.

It joins up close to L. & N station. An opportunity for a hustler to get rich on a small investment. If interested call 404, Cumberland Telephone.

Home For Sale Privately

On account of Mr. Napier's passenger run being changed from Paris to Lexington and Cincinnati necessitating a removal to Lexington, I desire to dispose of my residence at the corner of Main and Second streets, in Paris, at private sale.

This is a substantial brick house, two-stories, has six large rooms; sleeping porch; two concrete porches; large garden and poultry yard; side and front yard. It is a first-class home and will be a bargain for the purchaser. It is in first-class shape. An inspection of the house and premises is invited.

Your Telephone A Money Maker!

If busy farmers, who are selling their stock and produce at good prices, were to be deprived of their telephone, they would readily place the value of the instrument at anywhere from \$5.00 to \$35.00 a day.

You will find the secret of the prosperous farmer's success lies in his prompt telephone communication with the local and city markets.

Our new Directory will go to press soon and it is our endeavor to supply you continuously good telephone service day and night. Our rates are reasonable.

A WONDERFUL OPPORTUNITY!

Simon's Great Cash Raising Sale!

OUR ENTIRE STOCK TO CHOOSE FROM!

HAVING purchased a business in Lexington, I find it takes more cash than I had anticipated, therefore I have decided to turn a certain amount of the stock of our Paris store into cash. It is only after you've thought for a minute, and realize the enormity of the stock of goods to be turned into cash at once, that the full force of this great merchandising event becomes apparent. It is not merely a November or Clearance Sale, not merely the selling off of odds and ends, but—

The absolute necessity of turning the desired amount of goods into cash, notwithstanding the great loss it entails to us to do so!

Then, too, when the high class of the goods is considered, is it to be wondered at that we have prepared for the greatest sale of any kind, at any time, for any reason whatever?

The members of the Paris Epworth League will give a Thanksgiving social on Monday night, at the home of Mr. and Mrs. W. O. Fuller, on Walker avenue.

Mr. Dennis Snapp, of Paris, president of the Epworth League of the Methodist church, will speak in Lexington, next Sunday night, at the Park Avenue Methodist church, on the subject, "The Keystone of the Arch."

The monthly social and business meeting of the Daughters of Wesley Bible Class will be held this (Friday) afternoon, at 2:30 o'clock, at the home of Mrs. J. A. Lenox, on South Pleasant street. All the members are urged to be present.

The Presbyterian church will hold services Sunday morning at 10:45 o'clock, and Sunday night at 7:15. The morning sermon will be "The Choice of Moses." The night subject will be, "The Worth of the Church to the World."

An official call is now being sent out to every pastor and Sunday school worker of the United States and Canada, announcing the date and place of the next convention of the International Sunday School Association and urging the appointment of delegates to the convention. The convention is to be held in Buffalo, N. Y., June 19 to 25, 1918.

The Endeavor Society of the Presbyterian church will meet at the court house Sunday evening at 6:30. The leader will be Miss Nell Crutcher. Subject, "For What Am I Grateful?" Sunday, November 25, has been named as "Kentucky

Endeavor Day" throughout the State. A special program has been arranged for this occasion. Collection for Christian Endeavor work throughout the State will be taken. The program for this occasion is an interesting one, and it is earnestly hoped that a large attendance will be present. Let every person who can possibly come be there, and encourage the young people, who are doing an excellent work.

WHETHER YOU DINE AT HOME

Or out with friends, you'll want to dress up Thanksgiving. We have the things to dress you up with.

LOUISVILLE & NASHVILLE IS REDUCING RATES ON COAL.

Announcement was made yesterday from the local office of the L. & N. that a readjustment of freight rates is being made, whereby a reduction of ten cents per ton will go on coal shipments as soon as the tariff sheets are completed. This is a patriotic move and will help the coal situation in Central Kentucky.

PARIS BOWLING LEAGUE.

The Bourbon Laundry team defeated the Curtis Henry & Co. team in the series played at the Fordham Alleys Monday night by a margin of sixteen pins. The high score star performers were: Laundry Team—Funk, 196; Swearingen, 172; Clark, 170; Taylor, 169. Curtis Henry & Co.—Burgin, 182; Jones, 207 and 179; Henry, 169.

On Wednesday night T. W. Spicer team downed the R. P. Walsh team by the narrow margin of three pins. And it was "some contest," the result being too close for comfort for the winning team. The high score star performers were as follows: R. P. Walsh team—Thomas, 175 and 166; Santen, 173 and 167; Kane, 150 and 143. T. W. Spicer team—Bridges, 185 and 159; Faulkner, 179 and 161; Hill 159.

The next contest will be played at the Alleys on Monday night between the R. P. Walsh and T. W. Spicer teams.

PICTURE CHURCH IS DESTROYED BY FIRE.

The First Congregational church at Norwalk, Conn., was totally destroyed by an accidental fire Wednesday and the chapel attached to it partly burned. The loss is about \$75,000.

The First Church was one of the earliest Congregational churches in America, having been organized in 1652, and the building burned was a fine example of the church architecture of a century ago.

RESIDENCE BURNS.

The residence recently vacated by Mr. and Mrs. C. W. Bush, at Grassy Lick, in Montgomery county, and owned by Mr. William Reese, was destroyed by fire. Mr. Reese had quite a lot of valuable tools used in his trade as a jeweler, and Mr. and Mrs. Bush had a quantity of household goods, not insured. The residence was partially covered by insurance. The cause of the fire is unknown, but thought to have been incendiary.

BUSY PREPARING GIFTS FOR SOLDIERS.

A meeting of the Board of Directors of the Red Cross and the Presidents of the Church and Patriotic Societies and Clubs of Paris was held Saturday afternoon to arrange for the collection and preparation of Christmas parcels, filled with good things, prepared with skill, tenderness and good will, for the Bourbon County and Kentucky soldiers who will spend the Christmas period in the several cantonments.

It was decided to send 500 "packages" to be solicited from the members of said societies and the public generally by the Presidents of the several organizations represented and the committees appointed by them, and to be packed and shipped under the supervision of the Paris Red Cross Chapter.

In order that the men may be equally remembered and yet that there may be a pleasant variety in the packages, the following suggestions are made of suitable articles for the Christmas parcels, which are not to exceed in value \$1.50 each:

Writing paper pad and envelopes.
Book in paper cover.
Handkerchief, khaki colored.
Mouth organ.
Tobacco.
Home-made candy.
Small cakes.
Fruit cake.
Knife.
Mirror (steel).
Electric torch.
Playing cards.
Checkerboard.
Other games.
Dates, figs.
Raisins.

Cash, (for use in purchasing articles not contributed).

The following ladies were asked to represent their societies in said work, and to report their progress on December 1, at 3 o'clock, p. m., at the Red Cross Sewing Room in the Court House:

Church Societies:
Methodist—Miss Laura Lileston.
Catholic—Mrs. M. J. Lavin.
Episcopal—Mrs. J. W. Bacon.

CLUB MEETINGS.

Wednesday afternoon, the regular meeting time for the Paris clubs was utilized to a good advantage by the members of the Progressive Culture Club, who presented an interesting program, including papers on subjects relating to the war and the work of the Red Cross. At the next meeting of the Club, on next Wednesday, the general topic for consideration will be "The Alexandrian Period of Greek Sculpture, Miss Corinne Collins, leader.

The regular weekly meeting of the Paris Literary Club was held Wednesday afternoon, the president, Mrs. Wm. O. Hinton, presiding. The following papers were read: "The War of 1812, by Mrs. Ossian Edwards; "The American Revolution, Its Results For Canada," by Mrs. Frank P. Lowry; "Canada's Relations With the United States," by Mrs. Thomas Henry Clay, Jr. Plans were discussed for co-operating with the Red Cross in sending Christmas packages to the soldiers. Mrs. Walter Payne and Mrs. Harry B. Clay were appointed a committee to receive contributions from the members of cash or articles for the parcels. The next meeting of the Club will be held on December 5, when the members will devote the time to sewing at the Red Cross rooms. The next literary program will be given on December 12.

A RAILROAD RUMOR.

It is rumored in railroad circles that the Louisville & Nashville has bought the C. & O. railroad of Indiana, a line extending from Cincinnati to Chicago, and for a number of years operated by the Chesapeake & Ohio Railroad.

This would give the Louisville & Nashville a through line from Jacksonville, Florida, to Chicago, by way of Cincinnati, and an outlet to the lakes for their immense coal traffic. The passenger service to Chicago is now operated in connection with the Pennsylvania railroad, but if the reported purchase be correct it will doubtless soon be changed to the C. & O. line north from Cincinnati.

USE GAS.

Use gas—it's cheaper than coal, and so much cleaner. No dirt, no kindling, etc. Remember, too, that the city will not let us tear up the streets for connections after the bad weather sets in. Have your gas connections made now, or you will not be able to have gas these long winter days. Call us up.

AN ACKNOWLEDGMENT

THE NEWS is in receipt of the following letter from Mr. C. A. Tevebaugh, of Louisville, State Campaign Secretary of the State War Work Council of the Y. M. C. A.:

"Louisville, Ky., Nov. 21, 1917.

"Ed. THE NEWS, Paris, Ky.
"Dear Sir: On behalf of the War Work Council and our boys in khaki, I wish to thank you for your splendid co-operation in bringing victory to Kentucky in the great nation-wide campaign for \$35,000,000, to provide comfort and morale for our soldiers.
"With best wishes and kindest regards, I am,
"Sincerely Yours,
"C. A. TEVEBAUGH,
"State Campaign Secretary."

Judge T. L. Burnett, of Louisville, the last member of the Confederate Congress, is dead. To have belonged to that body was sufficient honor for any man.

HUH! GUESS BOB HAD SOME PARIS HELP.

The Frankfort State Journal prints the following comment on a case in which Messrs. Robert C. Talbot and W. H. Whitley, of Paris, played a conspicuous part, as well as "Col" Franklin:

"Hon. Robert B. Franklin, of this city, who holds the record for obtaining the largest verdicts in damage cases, has gained another victory in that line. The case of R. L. Briggs against the L. and N. railroad was tried in the Bourbon Circuit Court at Paris on Monday, and resulted in a verdict of \$10,000 for the plaintiff. Mr. Franklin represented Briggs, and the suit was for personal damages sustained in 1916."

EASY TO OWN YOUR HOME.

Our system of loans is designed to make home-owning a matter within the reach of everyone, and we feel that we have made this an accomplished fact, for no less than three hundred people here in Paris are home-owners because the Bourbon Building & Loan Association affords them an easy way to own their homes. You can begin Saturday, December 1, to own your home, if you will.

ELSIE FERGUSON IN "BARBARY SHEEP" MONDAY.

The matter of supplying a star with a vehicle that she personally feels is particularly adapted to her capabilities is by no means the most simple procedure in the activities of the producer. At the Artercraft studio recently, Elsie Ferguson, the famous stage beauty, who makes her screen debut in "Barbary Sheep" at the Alamo and Paris Grand theatre next Monday, expressed great delight over the selection of this story as her first motion picture play.

"Barbary Sheep," said the popular stage star, "is, I feel, an ideal play for me. The part of Lady Wyverne, the English noblewoman, fits me perfectly, and in reading Robert Hitchens' description of the young lady, I almost thought he was painting my own picture, even to the color of my hair. I hope I have done the part full justice and that the public will enjoy seeing this characterization to as great an extent as I did in portraying it."

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Judge E. B. January was a business visitor in Somerset, Tuesday.

—Mrs. Clarence L. Martin, of Louisville, is a guest of Mrs. Thompson H. Tarr.

Kiser home, and spent several days there as guests of Mr. and Mrs. Kiser."

—Prof. Charles S. Schultz, of Jessamine county, who has been a guest of Mr. and Mrs. Fred Wecker and other friends in this city for several days, will leave to-morrow for a visit to relatives in Lexington and in Fayette county. Prof. Schultz, who is the father of Carl Schultz, the noted cartoonist, is again well and hearty after a period of semi-invalidism, spent at the home of his daughter, Mrs. C. C. Sandusky, in Jessamine county, and his friends in Paris have been giving him a social welcome.

SUGAR FAMINE BEING FELT IN PARIS.

Paris housekeepers and those who use a great deal of sugar are beginning to realize the extent of the sugar shortage in the United States. It is not possible to obtain over twenty-five cents' worth of the sweet stuff from the retailers, and the wholesale houses report the situation will be very acute for some time yet.

Mr. Henry Power, of the Power Grocery Co., stated yesterday that the shortage is apt to continue for some time yet, or until the Government gets the wheels working so as to get the new crop out. The Government, he states, had declared that Central Kentucky was out of the beet sugar territory, and it was hardly possible to get much relief from that source. He said that the shortage would be relieved not earlier than December, when the Cuban and Louisiana sugar crops would come on the market.

There is very little granulated sugar on the Paris market and grocers and wholesalers do not know when there will be any to supply the market. Yesterday a number of housekeeper canvassed both sides of Main street to see what the real situation was, and they found to their dismay that it had not been misrepresented. Some of them even got a number of old bachelors who had no use for sugar to go to the retailers and buy to the limit, which was not over twenty-five cents' worth to any one customer. In this way they got enough for their immediate needs.

When asked for his opinion on the sugar situation a prominent Main street grocer said yesterday to THE NEWS: "It is my honest opinion that the Government is going to put a price of eight cents a pound on sugar, which is two or three cents a pound cheaper than the present prices. For this reason the wholesale dealers will not stock up on the high priced sugar. Beet sugar will be coming on the market some time in December, and this will furnish us with a plentiful supply of the saccharine article. That's about all I can say in regard to the shortage. It can't last all the time, that's a certainty. We are hoping for the best. It has been in a way amusing to hear the excuses some housekeepers have put up in an effort to get more than their share of sugar from the grocers. The food administrator controls only the wholesaler and they fix a price at which the wholesaler must sell the sugar, but the retailer will be controlled through the wholesaler, as the food administrator will require the wholesaler to sell no sugar to any retailer who sells the sugar above the reasonable retail price to be fixed by the Government officials."

MR. MANSFIELD'S FRIEND GETS "BACK HOME."

It's back to the old home" for F. J. alias "Red" Owens, of Cincinnati, who was arrested in Jacksonville, Florida, for having swindled a former Bourbon county man, Mr. John Mansfield, of Scott county, out of \$4,000.

Owens was traced to Jacksonville where he was placed under arrest. Detectives sent for Mr. Mansfield and Cincinnati detectives, who identified Owens positively.

After being identified Owens admitted his guilt. Five hundred dollars were found upon his person, and \$1,800 on deposit in a Jacksonville bank. An automobile in his possession was also attached.

Owens was brought back to Cincinnati, where upon a hearing given, he was held over to the grand jury in \$2,800 bond, and sent to jail.

**Too Ill to Walk Upright. Operation
Advised. Saved by Lydia E.
Pinkham's Vegetable Compound.**

This woman now raises chickens and does manual labor. Read her story:

Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

PLOWS UP ALLIGATORS.

Mrs. George Nichols, of Harrodsburg, has received a letter from her son, Albert Collier, who is now employed in the erection of the aviation camp at Lake Charles, La., in which he tells her of plowing up three alligators in the course of his work recently. They had evidently burrowed under the sandy soil for a good old snooze when the Mercer man disturbed them. There was an old alligator about eight feet long and two small ones, and Mr. Collier took off his necktie and captured one of the little 'gators and led him into camp, where it is becoming quite a pet.

CHRISTMAS PACKAGES MUST BE IN NEW YORK, NOV. 24.

Christmas packages for men working on American war vessels abroad must reach New York not later than November 24, the Navy Department has announced in issuing regulations to guide persons sending gifts to officers and men of the navy, both at home and in foreign waters.

WAR SAVINGS MOVEMENT.

Newly appointed State directors of the war savings movement, at first conference with treasury officials, formulated plans by which they expect to make war savings certificates or stamps the most popular Christmas gifts throughout the country.

Frank A. Vanderlip, chairman of the government war savings committee, told the directors that it is important to conduct an intensive campaign in every State during the holiday season and for at least a month afterwards to start the war savings habit, from which the government hopes to reap loans aggregating \$2,000,000,000 within a year.

Although the campaign will not open formally until December 3, posters and other advertising matter will be displayed in every locality within the next ten days, it was announced.

CERTAIN CURE FOR CROUP

Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of this disease. She says, "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I was never without it in the house. I have taken it myself for coughs and colds with good results."

BEATS THE WOODEN NUTMEG GAME ALL RIGHT.

The war is used as an excuse for many queer stunts. An old fellow dropped into Winchester recently and had for sale a potato slicer, one that would save peeling and put the potato in fine shape for cooking. He said it was a wonderful thing to conserve food. When he displayed it at a store there was a great rush to get one at 60 cents each. Among the purchasers were Judge George Nelson, Hon. H. G. Garrett, P. P. Evans, Doc Tuck Anderson, Jailer James S. Mullins, P. D. Avent, Louis Hamilton, T. S. Kerr and others. When Mr. Kerr took his home and proudly handed it to his wife she said she had one just like it. She had gotten it for 10 cents. Mr. Kerr told the rest of the crowd, and now it comes out that the old fellow had gone to a store and bought them and resold to the "conservers" at 50 cents profit.

FOR A WEAK STOMACH.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

WORK IN LARGE HOME EASY FOR THIS WOMAN NOW

**CARING FOR TEN CHILDREN IS
NOT SO HARD SINCE SHE
TOOK TANLAC**

"I've got a big house and a lot of work to do, but I can do it without any trouble since Tanlac improved my health," said Mrs. Anna Kampsen, 1803 Monroe street, Covington, Ky.

Mrs. Kampsen is the mother of ten children and she said the work of caring for them used to be pretty hard.

"Before I took Tanlac I wasn't able to sleep more than one or two hours a night and I got very little rest," she said. "I'd get up in the mornings feeling bad and would have spells of weakness and dizziness through the day."

"My stomach was in bad condition, too. No kind of food looked good to me, and I always was in misery after eating. I'd have a sick, dull feeling in my stomach."

"Well, since taking Tanlac, I sleep seven or eight hours every night without waking and get up in mornings feeling ready for my work. The spells of weakness and dizziness are gone and I can walk eight or ten blocks now without tiring."

"My appetite has come back, too, and I'm eating and enjoying my food as I haven't done for a pretty long time."

"I don't mind recommending a thing if I think it is good and I certainly believe Tanlac is a great medicine."

If you are not feeling right get Tanlac to-day at G. S. Varden & Son's.

MRS. P. O. STUCHELL TELLS HOW SHE CURED HER SON OF A COLD.

"When my son Ellis was sick with a cold last winter I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take."

SHELBYVILLE — FRANKFORT ELECTRIC LINE.

Work on the construction of a traction line from Frankfort to Shelbyville will begin in the early part of the spring. Although it is not yet known what the line will cost it will probably be in the neighborhood of \$2,000,000.

When the line is completed there will be a continuous trolley line from Lexington to Chicago.

W. E. Phillips, of New York, who has organized the Frankfort & Shelbyville Railway Company, composed of New York capitalists, was in Lexington last week to make acquaintances and to go over the proposed route of the new traction road.

Mr. Phillips stated that his company had secured an option on all the land needed for the right of way.

It is probable that when the new road is completed an agreement will be made with the Kentucky Traction & Terminal Company whereby the cars of one of the other company will be run through from Lexington through to Shelbyville, and there the passengers will change cars for Louisville. At Louisville they will again change cars and can take an express trolley for Chicago and way places.

ALL GERMANS MUST REGISTER SAYS NEW ORDER.

New and drastic regulations governing the movement of all Germans in the United States have been announced in a proclamation by President Wilson. The order entirely prohibits travel by water whether in public or private boats, and also requires all Germans to register and report periodically to whatever authority is designated by the Attorney General. The District of Columbia and the Canal Zone are forbidden as residences and no German may approach any water front, railroad terminals, wharves, storage houses or such other places as the Attorney General may name closer than 100 yards. Officials emphasize that lawabiding Germans will be annoyed as little as possible. Penalty for violation of the order is internment for the period of the war.

TELEPHONE CONSOLIDATION WINS BY 15,000 MAJORITY.

The constitutional amendment permitting the consolidation of telephone companies was adopted by the people at the November election by a big majority. Ninety-two counties reporting to Secretary of State Lewis give the vote 40,948 for and 25,041 against the amendment.

TRACTION COMPANY EMPLOYEES RAISE POTATOES.

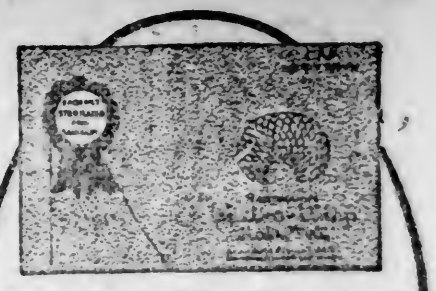

More than 200 bushels of potatoes were raised by the employees of the Kentucky Traction and Terminal Company this year along the right of way of the company. These potatoes will be distributed among the married employees of the company at \$1 a bushel. This price is between sixty and seventy cents below the wholesale cost.

The potatoes were raised on every piece of ground belonging to the company along the right of way and in the two-acre park at Farnkfort. They were raised on a co-operative basis and were cultivated by section hands during their spare time.

This is the first time in the history of the road that this plan has been put in operation and it is expected that for the period of the war at least, potatoes will continue to be raised along the right of way in order to help increase the food supply.

Another co-operative step taken by the traction company is in taking out the lumps from the run of mine coal and furnish them to employees of the road at cost.

It is the opinion of officials of the company that by aiding its employees in these ways that they will get increased service from them.

Suffered Several Years. PERUNA MADE ME WELL

Mrs. Elizabeth Reuther, 1002 11th St., N. W., Washington, D. C., writes: "I endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered several years. I took it for several months, found my health was restored and have felt splendidly ever since. I now take it when I contract a cold, and it soon rids the system of any catarrhal tendencies."

Its My Standby for a Cold.

Those who object to liquid medicines can procure Peruna Tablets.

CHRISTMAS BOXES FOR AMERICAN FORCES IN EUROPE.

By agreement between the War Department, the Postoffice Department and Express Companies, the Commanding General, Hoboken, N. J., is designated as the forwarding agent for the re-routing and shipment of all express and mail matter, intended as Christmas presents, for ultimate delivery to the American expeditionary forces.

The Adams Express Company is heartily co-operating with the War Department to facilitate to the greatest possible extent the prompt movement and delivery of Christmas boxes to our expeditionary forces abroad, which includes the ambulance and aviation service taken over by the army. The special arrangements do not apply to shipments addressed to Red Cross, Y. M. C. A., Knights of Columbus or other organizations outside the army.

All shipments by express should be packed in wooden boxes, limited to twenty (20) pounds in weight, measure not more than two cubic feet in volume, be well strapped, and should have a hinged or screw top to facilitate opening and inspecting. No food products, other than those enclosed in cans or glass jars, should be packed in such shipments.

Boxes must be fully, correctly and legally addressed and conspicuously marked, "Christmas Box." The consignee's name, company, regiment or other organization, followed by the words, "American Expeditionary Forces," should appear in the address.

All boxes will be waybilled to Hoboken, N. J., in care of the Commanding General and the Government will undertake the transportation of these Christmas boxes from New York to the Expeditionary Forces abroad free of charge from New York. No export license, invoices or other customs papers are required.

These boxes will be admitted to foreign countries free of duty. Perishable articles should not be sent.

The principal articles prohibited are intoxicants of all kinds, inflammable materials, including friction matches, or composition which may kill or injure another or damage other goods. The Commanding General, Hoboken, New Jersey, will cause every box to be opened and strict search made to see that nothing of an explosive or other dangerous character is loaded aboard ship.

Owing to the great demand on transportation space, patrons are urgently requested to make their packages as small as possible, preferably not exceeding ten pounds in weight, as we are advised that small boxes will be given preference in shipment in order to accommodate the greatest number of persons.

The shipment of Christmas boxes may begin immediately but no boxes will be forwarded overseas which do not reach Hoboken, N. J., on or before December 5, 1917.

The name and complete address of both the consignee and sender should be written on a piece of paper or cardboard and enclosed within the box.

All employees have been instructed to give these Christmas boxes special attention. Careful handling and preferred service are necessary. We will do our part to insure the prompt and safe arrival at the front of all these reminders of home and the holidays for our boys who are offering everything they have to our country.

\$100—REWARD—\$100

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A COLLEGE MAN'S VIEW

The "International" is the stock man's school of efficiency. Never has there been a time when there was such need of efficient methods in meat production. Never has there been such need of a marshaling of all resources and all forces for production on the farms of the United States. The "International" will impress lessons of conservation and efficiency in production of incalculable value. These lessons will have a special significance in view of the unusual conditions now existing. No man engaged in a great enterprise such as farming and food production, at a time when the best results are vital to the nation's existence, can afford to fail to secure information that will add to his efficiency and strengthen the services he can render. This is the meaning of the International Live Stock Exposition at Chicago the first week in December.

SHARP, STABBING PAINS

Often Tell of Weak Kidneys—A Paris Resident Shows You What To Do.

The sharp twinge of pain in the small of the back that strikes you after any sudden twist or awkward motion, may tell of weak kidneys. And there are often disturbances of the urine—too frequent urination, scalding or burning pain during passage, discolored urine and sediment.

Doan's Kidney Pills are prepared especially for weakened kidneys, kidney backache and urinary disorders—have proven their merit in thousands of cases. Doan's are endorsed throughout the civilized world—the are recommended by Paris residents.

Chas. Stewart, tinsmith, Lilleston avenue, Paris, says: "I had three or four attacks of lumbago in the past few years, the first being the worst. My back was a dull, constant ache all the time and often sharp, cutting pains darted through it. Sometimes I thought I could hardly endure the misery. Doctors' medicine was of no avail and somehow I got hold of Doan's Kidney Pills, procuring them from the Ardery Drug Co. The first box helped me and I continued taking them until cured of the attacks. Return spells since then have always been slight, and Doan's Kidney Pills have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

Judge T. L. Burnett, of Louisville, the last member of the Confederate Congress, is dead. To have belonged to that body was sufficient honor for any man.

To Recall the Operator Move the Hook SLOWLY!

When you move your receiver hook up and down to recall the telephone operator, what you really do is to **turn on and off a small electric signal light** on the switchboard before her.

Of course, when you try to turn the little switchboard light on and off **too rapidly**, like any other electric light, it **may** not glow.

It is important, therefore, that you move the hook **SLOWLY**, so that the light will glow and the operator will know you are trying to attract her attention.

That's why the **quickest** way to recall the operator is to remove the receiver hook up and down **SLOWLY**.

MILLERSBURG

—Mrs. William Williams, of Winchester, is a guest of Mrs. Joe Williams.

—Mrs. H. D. Jones, who has been sick for several weeks, improves slowly.

—Messdames Belle Taylor and Anna Darnell and Mr. J. R. Long continue about the same.

—Miss Cornelia Beeding left Tuesday for a visit to her niece, Mrs. R. H. Hudson, at Flemingsburg.

—The ladies of the Baptist church will hold their annual Christmas bazaar Saturday, December 1st.

—Mr. and Mrs. Bishop Delaney moved Wednesday from room in the Best Flat, to Paris, Mr. Delaney having secured a position as fireman on the L. & N.

—The Red Cross Society is now installed in new quarters in Best Flat, and the rooms will be opened for sewing on Mondays, Tuesdays, Thursdays and Fridays of each week.

—PUBLIC SALE.—I will sell on Saturday, November 24, beginning at 10 o'clock, a. m., my entire stock of livery outfit, comprising horses, buggies, wagons, harness, etc. I will also sell at the same time a house and lot on Fifth street. Terms made known on day of sale. For further information, call on or address,

ELLIS D. BALDWIN,
Millersburg, Ky.

—The M. M. I football team will close their season Friday at three P. M., on the home grounds, when they will meet the Cynthiana High School on the gridiron field. The team is in good condition and has been coached for several weeks by Mr. T. K. Smith, of Paris, former student of M. M. I., who played full-back successfully on the Transylvania team for several years. The game is looked forward to with considerable interest. All who are interested in football should take advantage of this opportunity.

—The Amity lodge room, which has recently been remodeled, newly papered and painted, was opened at its regular meeting Tuesday evening, for the first time since July, the lodge having conducted its meetings since then in the Hallock lodge room of I. O. O. F. The attendance was good, considerable business was transacted, and most of the money raised by private subscriptions from the members to liquidate the indebtedness of the recent improvements. At the close of the meeting all repaired to the dining room below, where oysters with "trimmings" were served, after which a delightful smoker was enjoyed in the lodge room for about an hour. The social features of the evening were indeed pleasant and enjoyed by all present.

—Dr. and Mrs. W. G. Dailey, while returning from Paris, Tuesday afternoon, came near meeting with a serious, if not fatal, accident. They were in their automobile, and while crossing the railroad near the bridge, their machine became entangled in the rails, and in an effort to force the machine over the track it turned sidewise. Dr. Dailey stopped his engine at the time. The south-bound passenger train due at Millersburg, at 5:16, was at the depot. Dr. Dailey at once took in the situation and realized that it would be impossible to extricate the machine from the track before the train reached there. They immediately left the machine, and as the train approached, repeated efforts were made to flag it, which was not heeded. Mrs. Dailey, in her vain attempts removed her coat and in her frantic effort waved it violently. The train was not stopped until it ran into the machine, completely wrecking it. The section crew had been doing some repairs on the road at this point, new ties had been put in, which had not been filled in, which made it difficult to force a machine over the track. However, there was no one present or no sign exposed to warn traffic of the impending danger.

DEATHS.

FISHER.

—The funeral of Mrs. Delilah Fisher, widow of Thomas Fisher, who died of paralysis Wednesday morning at her home on Two-Mile pike, in Clark county, was held yesterday afternoon at the home, with services conducted by Elder M. P. Lowry, of Winchester. The burial took place in the Rallsback burying ground.

Mrs. Fisher is survived by seven children, Thos. Fisher and Mrs. Jno. Calleeher, of Bourbon county; Chas. Fisher, of Illinois; Mrs. Frank Baber, and Mrs. Ben Hutsell, of Clark county.

ROSS-BABER.

—Friends in this city of the bride were surprised Tuesday to learn of the marriage in Winchester, Monday afternoon of Miss Annie Ross, to Mr. Marcus Luther Baber. Both are residents of the Escondida vicinity, the bride being the youngest daughter of Mr. and Mrs. Thos. J. Ross, of near Bedford Station, and a sister of Miss Chloria Ross, of Paris, Mr. Dillard Ross, of Escondida, and Mrs. Green Moore, of Covington. She is a handsome and attractive young woman. The groom is a young farmer who has been making his home with Mr. and Mrs. Ross about a year.

The ceremony was performed in Winchester, Monday afternoon, at the residence of the officiating minister, Rev. J. W. Harding. After a short bridal trip Mr. and Mrs. Baber returned to the home of the bride's parents, where they will reside in the future.

BALLENGER.

—William T. ("Sweetheart") Ballenger, aged fifty-four, a former resident of Millersburg, and for many years Jailer of Fayette county, died in Covington, Tuesday, after a long illness.

Mr. Ballenger had been a resident of Millersburg for many years, and was at one time Marshal of that place.

After moving to Lexington he became a prominent figure in politics, and was elected to the office of Jailer of Fayette county, which he filled for two terms. After retiring from that office he became interested in the tobacco business. About two years ago he moved to Covington, where he has since resided.

Mr. Ballenger is survived by two daughters, Misses Effie and Lillian Ballenger, who resided at the family home in Covington, and one son, Mr. Charles Bruce Ballenger, who lives on the Versailles pike, near Lexington.

The funeral and burial took place in Covington, Wednesday afternoon.

STORMS—HOLT.

—Relatives and friends of the groom in this city, have received beautifully engraved cards announcing the marriage of Mr. Edward Simms Holt, formerly of Paris, to Miss Abigail Storms, of Salt Lake City, Utah. The happy event took place at the home of the bride's mother, Mrs. Jennie Storms, in Salt Lake City, on October 30. The announcement reads as follows:

"Mrs. Jennie Storms announces the marriage of her daughter, Abigail, to Mr. Edward Simms Holt, Tuesday, October thirteenth, nineteen hundred and seventeen, Salt Lake City. At home after November fifteenth, No. 1, Miller Apartments."

The groom is a son of Mrs. Ben Holt, of Paris, and has been engaged in the oil business, with headquarters at Salt Lake City. He is a prosperous and industrious young business man. His bride is a charming young woman of many graces of character.

HARNEY.

—The funeral of Mr. Omer Harney, aged forty-one, who died in Lexington, Sunday morning, of tuberculosis, was held at the residence

HAND SEARCHLIGHT

A powerful searchlight has been devised which may be carried about by hand. The new searchlight resembles the electric bull's-eye lantern in its portability, but it is built on the principles of the big searchlights used in war. It has a powerful reflector, a heavy focusing lens, and is operated by several dry batteries. The whole is put up in a compact mechanism with a stout handle above from which the case depends. It is expected to find numerous applications in war.

Kodak in Camp

From reveille to taps, each hour will bring something new into the life of every young soldier. New surroundings, new habits, new faces and new friendships will make for him a new world—a world full of interest to him to-day and a world upon which he will often dwell in memory when peace has come again. And this new world of his offers Kodak opportunities that will relieve the tedium of camp routine at the time, and will afterward provide what will be to him and his friends the most interesting of all books—his Kodak album.

The parting gift, a Kodak. Let us show you.
